Total Capitalization Break-Down, October 5th, 2012

Daily Highlight: Growth Leader: Agroton (AGT)

News and Updates

MHP purchased another 1% of its own shares

According to the official information released by the company, during the Q3, 2012, company has purchased total of 1% of its total Global Depositary Receipts from the stock market. The price of GDR was equivalent to that of the official price per share of the company on London Stock Exchange, measured at USD 14.5 per share. Company has purchased the total of 3.3% of the total shares during 2012.

AgroInvest comment: *MHP purchasing its own shares shows that company envisions its long-term growth perspectives, effectively assuring its investors in its reliability.*

KSG Agro will produce biofuel

According to the official information released by the company it is planning to produce biofuel in Dnepropetrovsk region by the end of the current year. Company has not announced the sum of investments attracted for this project. Company will be able to produce up to 60 K tons of biofuel from agricultural waste. Company already has experience in such projects as there are already 2 lines with the capacity of 7 K tons per year operating within the company structure. Company stated that partially biofuel will be used by the company, selling the rest.

AgroInvest comment: *The ability of the company to modernize with the assistance of the external sources of financing will benefit the company in the long run.*
